***Please Note:** Bus Driver Hours and Electronic Logs*

The US Department of Transportation (DOT), and Group Travel Network (GTN), take the safety of your students very seriously. As such, GTN supports the DOT's efforts to mitigate driver fatigue and keep bus driver hours within allowable and lawful parameters. The use of Electronic Driver Logs on every motor coach is required starting on January 18, 2018. These logs will monitor and record the activity of every driver, and require them to adhere to the laws of the DOT. These laws are outlined in the following ways: 1) Bus Driver(s) are allowed to be "on duty" no more than 15 hours during any 24-hour period. 2) Bus Driver(s) are allowed to be "driving" no more than 10 hours during any 24-hour period. 3) Bus Driver(s) are required to have 8 hours of "rest time" once either of the previous two rules are reached. GTN will make every effort to mitigate any negative impacts to the itinerary. Please be aware, if your itinerary is adjusted in any way (by design, due to traffic, etc.), and causes your driver(s) to reach their allowable driving or on-duty maximums, you may be delayed until the 8-hour rest period is fulfilled.

***Overnight Travel:** It is our goal to provide the most economical/enjoyable travel experience possible for your group, including overnight bus travel IF required, however, it is our position that all groups consider daytime travel in an effort to lessen the possibility of driver fatigue.*
